## MICROWAVE SALMON STEAKS

<p>Many microwave owners believe that microwaved fish tastes far less "fishy" than conventionally cooked. You may notice a slight fishy odor when defrosting and microwaving frozen fish, but it seems to disappear after cooking. Be careful not to overlook fish and seafood. They are done as soon as they flake or lose their translucent appearance.</p>	<p>Brush lemon butter mixture on salmon steaks. Place steaks in glass baking dish. Cover with vented plastic wrap. Microwave at 50% power for 1/2 the cooking time. Turn steaks over. Brush with lemon-butter. Cover and microwave remaining time until fish flakes easily.</p>

## **SALMON BARBECUE**

<p>3/4 cup fresh apple cider 6 Tbls. Soy sauce 2 Tbls. Unsalted butter 1 large garlic clove crushed through a press 2 Salmon Fillets 2 1/2 to 3 lbs each of 4 to 5 lbs salmon steaks, but about 1 inch thick. Sprig of fresh parsley or coriander and lemon slices, for garnish.</p>	<p>1.) In a small non corrodible saucepan, combine the cider and soy sauce. Bring to a boil over high heat, reduce the heat to moderate and simmer for 3 minutes. Add the butter and garlic and continue cooking, stirring occasionally until the liquid thickens enough to coat the back of the spoon, above 20 minutes. Remove the marinade from the heat. Let cool to room temperature.</p> <p>2.) Pat the salmon fillets dry and place them skin-side down on the rack. Brush the marinade evenly over the salmon. Let stand at room temperature fro 30 minutes.</p> <p>3.) To cook salmon outdoors: light grill. When the coals are hot, oil the rack and place the salmon skin side down on the grill. Tent with aluminum foil and bake until the flesh is still slightly translucent in the thickest part, roughly 15 to 20 minutes depending, on the heat of the grill. You can turn the fish once during cooking, but you run the risk of breaking the fillet.</p> <p>4.) To cook the salmon indoors: preheat the boiler. Place the salmon, skin side down, on a well-oiled broiler rack and broil about 6 inches from the heat until the top is glazed and the fish is still slightly translucent in the center, 12 to 15 minutes. Serve garnished with parsley and lemon slices.</p>
